GREGORY'S SEEDS

ESTABLISHED 1856

1941 Special Prices for Everyone

We pay postage or freight, our option.

8% cash discount on cash order.

GREGORY'S GUARANTEE

1. That all seeds shall reach our customers in good condition.
2. We guarantee the vitality and purity of our seeds to the full amount of the purchase price. Your money back within one year if you are not satisfied with results.
3. It is agreed that in no case shall J. J. H. Gregory & Son be liable for more than purchase price of the seed.
We make no charge for cloth bags.

Our business was started in 1856 and this eighty-fifth year we take pleasure in presenting our Special Prices to Every One for consideration. Expenses have been cut to enable us to keep our prices within the reach of all. We appreciate your patronage and will furnish you with seeds of the very highest quality. Due to the European conditions we cannot expect as many seeds from there as formerly. They will be calling upon this country for supplies. *Prices have increased and before the season is over we are afraid many standard strains will be out of the market.*

In our many years of experience we have found that Market Gardeners are very careful in their purchases, they want the best and most carefully selected strains and are willing to pay an increased price if they are sure of obtaining such a selection.

You will note we have left out many varieties previously carried and are only listing those that have given the best results with market gardeners. As an example in Essex County, many hundreds of acres are planted to root crops. The following varieties are usually planted: Danvers, Hutchinson and Chantenay Carrots; Abbott's Improved Hollow Crown Parsnip, Purple Top White Globe Turnip, and American Ruta бага; Crosby Egyptian, Early Wonder and Detroit Dark Red Beets. If you will look over the various seed catalogues you will see listed more than a hundred varieties and strains.

Why bother with listing many species when the best of their respective classes may be had in a few varieties.

Yours for a prosperous season,

J. J. H. GREGORY & SON,
EDGAR GREGORY, *Prop.*

HUBBARD SQUASH *Introduced by Gregory in 1856*

In Maine, at an experimental farm, about 30 samples of Tomatoes were planted, comprising twelve plants each. Early yields up to August 17, the Gregory Tomato outyielded all others, being first in rank on the entire list. Yield was 13 lbs., 14 oz. The next nearest was 12 lbs., 3 oz.

GREGORY'S SPECIAL PRICES FOR EVERYONE

LAWN SEED (Highest Quality)

For Sunny Spots, lb. 50c; 5 lbs. \$2.00; 10 lbs. \$3.50

For Shady Spots, lb. 50c; 5 lbs. \$2.40; 10 lbs. \$4.25

It's a good idea to scatter lawn seed over your lawn each spring. Usually there are bare spots that can be renewed by this method. Lawns need plant food every year.

TIMOTHY

Lb. 25c; 15 lbs. \$2.25; 45 lbs. \$8.00

RED TOP

Lb. 30c; 5 lbs. \$1.25; 10 lbs. \$2.50

KENTUCKY BLUE GRASS

Lb. 40c; 5 lbs. \$1.80

RED ARROW

Most effective against the Mexican Beetle. Price per gallon.
Makes 3 gals. of spray. 4 oz. \$1.00; 1/2 pt. \$1.75; pt. \$3.25.

MAGOTITE

Helpful only in the control of root maggot on cabbage, cauliflower, kale, brussels sprouts, broccoli, turnips, etc. Sprinkle in and over seed beds and around plants when setting out. 1 lb. can 35c.

EEZY WEAR GLOVES

All leather — dirt proof. Soft as kid, extra pliable. Washable. "Small," "Medium," "Large," for men and women. Price, 75c a pair; 2 pair, \$1.40, postpaid.

EARLY MARKET SQUASH

Very early and prolific market squash, fruits may be gathered for market 3 to 4 weeks after flowers. Skin dark green ribbed and slightly warted. Small size weighing about 2 pounds. Claims of our grower. Pkt. 15c; oz. 35c.

VEGETABLE SQUASH

Valuable for cooking. A cross between the crookneck and good taste is superior producer.

Size of fruit is small weighing about 7 ounces. Color of skin when matured changes into cream yellow striped and mottled with dark green. Vine vigorous and fruits abundantly. Pkt. 15c; oz. 35c.
